## **CAMP INFORMATION:**

- CHS Team Camp will closely resemble what typical Lady Colt basketball practices are like in the winter.
- We will install our basic defensive and offensive systems for the upcoming 2026-27 season.
- Rosters for Summer League games / Scrimmages to be played in June-July will be selected from Team Camp participants.
  - *If we have enough players: There will be 1 Varsity, and 1 JV for Summer League. Unfortunately, there will most likely not be enough roster spots for every player at Team Camp to play on a Summer League team. Team Camp will be an evaluation period/competition for making one of our Summer League rosters.*
- A t-shirt will be purchased for all participants and will be given out at team practices later in June.
- **It is highly recommended that all players planning on trying out for basketball next winter at CHS attend Lady Colt's Team Camp.** It is a great opportunity for players to prove themselves prior to tryouts next winter.
